SENSIBLE SUGGESTIONS.

How Needed Reform Can Be Accomplished.

To the members of the General Assembly:

During the short time I was president of the senate in 1893, I had the opportunity to learn more about the cost of a session of the legislature than my experience as a member had afforded me, and to learn that we were getting a little more extravagant with the taxpayer's money than we should be as faithful representatives of the people, and upon investigation, I found that the session of '93 was costing about \$2,000 more than it should, I thereupon drafted a bill regulating the number of employes, their pay and how they should be selected; as the law was not sufficiently clear on these points, I submitted my bill to Lieut. Gov. Dougherty, Hon. Lee S. Overman (the presiding officers of two houses), the principal clerks and the doorkeepers; they all agreed that it was a good bill, and should become a law. I introduced the bill in the senate and it passed without a dissenting vote, but hung fire in the house and is now, I guess, among the pigeon-holed bills of that branch of the General Assembly.

As I understand, the session of '97 under fusion rule, cost \$6,000 to \$8,000 more than the session of '93 so you see by saving these two amounts, the session of '99 would cost between \$10,000 or \$15,000 less than the last session. The first work of this session should be to pass this bill or one similar, and save the above sum to the people, which could be used for some other purpose much more beneficial to the people generally.

If the members of this legislature wish to economize, there is no place to commence, which would be more appropriate and make a better record for themselves. I will give just one case to show where a part of this money is wasted. For the first two weeks of the session, I will venture to say that there will not be a half dozen bills to enroll, yet the enrolling clerk will have for all this time 5, 6, 7 or 8 assistants at \$5 per day if you will allow him. He promises all these places to secure his own election. The bill alluded to above remedies this practice also as to some extent takes the appointment of these assistants out of the hands of the principal clerks, except the first assistant, and requires him to consult the speaker of the house and president of the senate, as to the others. Very often incompetent men are put in by this log-rolling practice, and it should be broken up.

Respectfully submitted,

John L. King.

BATTLE RAGES FIERCELY

In The Pennsylvania Senatorial Contest.

WILL QUAY SUCCEED HIMSELF?

All Manner of Reports are Current.

Efforts of Wanamaker and The Business Men's League.

By Wire to THE TELEGRAM.

Harrisburg, Jan. 3.—Whether Matthew S. Quay will succeed himself in the United States Senate will be decided tonight by the joint senatorial caucus. Today the battle rages fiercely and all manner of reports are current.

The anti-Quay men say that Martin and Flynn, Philadelphia and Allegheny leaders, have finally decided not to go into the caucus. This is said to be chiefly due to the efforts of John Wanamaker and the business men's league.

If these men stay out of the caucus Quay is doomed. Chairman Elkin of the state committee, a Quay lieutenant, says the caucus will be held and that Quay will be the choice.

REASSURING NEWS.

The Situation at Iloilo Non Thought So Bad.

By Wire to THE TELEGRAM.

Washington, Jan. 3.—A despatch from General Otis was read at the cabinet meeting today giving reassuring information in regard to the situation among the insurgents at Iloilo.

General Otis said he believed the disquieting reports from the scene of disturbance are already proven unwarranted; at any rate he believes a conflict will be averted.

The despatch is evidently based on direct and recent information from Gen. Miller the officer in charge of troops sent to Iloilo. The belief now is that the moral effect of the presence of the United States soldiers will be sufficient to impress the insurgents with the folly of provoking an actual encounter with General Miller's forces and that the native forces will therefore submit quietly to the authority of the United States.

High Rate of Speed.

By Wire to THE TELEGRAM.

Omaha, Jan. 3.—The contest between railroads for fast mail trains between Chicago and Omaha today resulted in a victory for the Northwestern. Part of the distance was made at the rate of one hundred and ten miles per hour.

A Nuisance.

The Telegram's attention is often called to the crowds of little negro boys gathered on the street corners. Several times ladies have been heard to complain of the nuisance, and wonder why it is not forcibly abated. The little coons cause incessantly and it is exceedingly unpleasant for ladies to be forced to hear profane language on the streets and we are requested to ask the city fathers to see that these cursing clubs are abolished.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C. Jan. 3.

The board met last night in regular session and passed and amended some of the best ordinances yet enacted, viz: The ordinance prohibiting trains from blocking a crossing over fifteen minutes was amended, making the time five minutes only. Two trains will not be allowed to run on parallel tracks at the same time. No running shifts will be allowed. All trains when shifting will be compelled to keep a flagman in front of them while shifting. The limit of speed inside the corporate limits has been heretofore fifteen miles an hour. The speed was reduced to ten miles an hour within one-half mile of the station on either side. The board of health also appeared before the aldermen, but we cannot learn the particulars.

The dental office of Dr. H. C. Pitts was entered from a back window night before last by some one who stole about \$20.00 worth of teeth and dental tools. We are glad to know that the scoundrel did not succeed in getting enough of the Dr.'s goods to prevent him from keeping up his business all right.

That only one little, so many candle power that flickers through the elms like the gleaming of the candle-light through the sycamores on the Wabash faraway, has now ceased to shine. In fact, it was so dark last night at that place that when they went to flag the train that they had to take two lanterns to do it. Oh, for short nights and lightning bugs again.

There was a snake-walk down at Fairview Lodge last night. A large number of the colored population of this place were present. The first prize was worth \$20.00.

THE PRISON WORKER

Will Speak at West Market Church Tomorrow Night.

On tomorrow (Wednesday) night at 7:30 the new year prayer meeting will be conducted by the pastor, Dr. Rowe, after which Evangelist W. F. Ireland (Kid Davis) of New York city, the prison worker who goes from prison to prison all over the states preaching to the prisoners, will speak of his work and life experience. Mr. Ireland was converted in prison in Philadelphia four years ago. He was then known as "Kid Davis" and has been used by God in converting many prisoners. He only speaks here this time, then goes south for meetings in all southern prisons. Everybody invited out to hear him tomorrow night.

Colored Woman burned.

Lizzie Pratt, colored, was badly burned this morning at her home on South Davis street. She was standing by a fire in the back yard, engaged in picking guineas when her dress caught from the flames. A colored man and woman ran to her assistance and extinguished the flames, but not until the victim's left side and shoulder were horribly burned. The wounds were carefully dressed, though it will be sometime before she can be out.

AS SPEEDILY AS POSSIBLE.

Nicaraguan Canal Bill Will Be Pressed to a Vote.

JOSEPHUS DANIEL'S OPINION.

He Says William J. Bryan is the Choice of North Carolina Democracy For the Presidency.

Special to THE TELEGRAM.

Washington, Jan. 3.—Senator Morgan, of Alabama, was seen at capitol on last Saturday. The senator is of the opinion that the senate will, upon reconvening, probably on Thursday, resume consideration of the Nicaraguan Canal Bill, which was pending in the senate when the adjournment for the holiday recess took place.

Senator Morgan is hopeful that the bill will pass the senate by a large majority, and that it will receive every vote from the Gulf section, and many votes from other southern and eastern states as well. It is said, though it cannot be stated definitely that both Senator Fritchard and Senator Butler may vote for the Morgan bill and against all substitutes. Senator McLaurin, of South Carolina, and Senator Tillman are both in favor of the construction of the canal. Inasmuch as the treaty of peace will be sent to the senate very soon after congress reconvenes, and it will be necessary for the senate to devote considerable time to the consideration of that measure, Senator Morgan is hopeful that the bill will be pressed to a vote as speedily as possible. As the debate on the Nicaraguan canal bill has already progressed for several weeks, the opponents of the bill ought to be willing to let the measure come to a vote without any unnecessary delay.

Senator Morgan stated Saturday that he thought a vote could be reached by the middle of next week.

On Wednesday it is likely that the death of Senator Morrill will be officially announced to both houses, and an early adjournment of congress will take place. On Thursday it is expected President McKinley may send in the treaty of peace, and it will without any comments be referred to the committee on Foreign Relations, where it will remain probably for ten days or two weeks. During the interval between the reference of the treaty and its consideration in the senate, it is expected that most of the time of the upper branch of congress will be devoted to the Nicaraguan canal bill.

Hon. Josephus Daniels, a member of the democratic national committee, for North Carolina, in reply to a request from the Washington Post, announces that he is in favor of the renomination of Hon. William Jennings Bryan for the presidency in 1900. In his letter to the Post, Mr. Daniels says:

"William J. Bryan is our choice for president, and North Carolina democrats will send their delegation to the next convention with instructions to vote for his nomination. The issues will surely be those of the last national campaign, with the added issues brought about by the incompetency, and subservience to trusts, of the administration of President McKinley. No man has made a military record that will change political leaders."

A large majority of the people of North Carolina, as judged by talks with those coming to Washington are favorable to the passage of a new election law at the coming session of the legislature, and if such a law is not passed they will be sorely disappointed. The Mississippi plan seems to be more popular than that of South Carolina or other southern states, as the Mississippi law is more stringent, and defects which are common to the election laws of other southern states. A law is wanted which will not deprive any intelligent and worthy white man of his vote in the state, but which will cut out the ignorant voters of North Carolina from securing control of state affairs.

It is expected that nearly all of the members of the North Carolina delegation in the house will be present after the holiday recess. Senators Fritchard and Butler will also probably be present.

Mr. and Mrs. William T. Webb, have returned to the city from their bridal trip which was spent in the South, a portion of the honeymoon being spent in North Carolina.

Postmasters have been commissioned in North Carolina as follows: Francis A. Penland, Beech; Robert F. Tuttle, Partee; and Martha J. McFarland, Poers Ford.

VANDERBILT'S WIFE.

Dosen't Like Biltmore—The Place May Be Closed.

The following interesting bit of gossip about George Vanderbilt and his bride appears this week in the society column of the New York Journal:

"The George Vanderbilts have sailed. They made a very short stay in New York. Mrs. Vanderbilt dislikes America, but New York most of all. She has been brought up abroad and she prefers the life over there."

"I hear that Biltmore will be closed after this year for good. Mrs. Vanderbilt finds it too gloomy and she prefers a French chateau. What all become of it I do not know. Perhaps George Vanderbilt may give it to the state for a museum of some description. He used to be devoted to the place. But leaves it just now within the height of its glory."

"There were house parties and private theatricals and heaven knows what all. But all of them seemed to bore the new Mrs. Vanderbilt, who, besides, did not seem to take very kindly to her Vanderbilt relatives. At least, there were not many large family house parties during the first year of her reign."

Occasional fog along and to the northward of the Trans-Atlantic routes, longitude 47, 70° W., as shown. Ice probable as far south as Cape Race toward the end of the month."
Two Pointed Questions Answered.
 What is the use of making a better article than your competitor if you can not get a better price for it?
 Ans.—As there is no difference in the price the public will, buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.
 How can you get the public to know your make is the best?
 If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.
 This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. Pains in the chest when a person has a cold indicate a tendency toward pneumonia. How to Look Good.
 Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alternative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.
NEW FOR 1899
A World of Good Furniture Ideas Artistically Expressed In Wood.

 The cutters of the great glove houses at Brussels and in France earn even higher wages than the cutters of the most fashionable tailors in London and New York.
 So difficult is this art of cutting gloves that most of the principal cutters are known to the world by name and by fame, and the peculiar knives which they use in the business are so highly prized that they are handed down from generation to generation as heirlooms.—New York Telegram.
It Was Too Much.
 "Your honor," said Boston Pete, almost tearfully, "it's the newspaper publicity that I hate about this thing. They will 'ever' that I 'opine' I will be 'apprehended,' then 'incarcerated,' perhaps even in 'durance vile.' But, your honor, for a man who has never demeaned himself by work this expression, 'caught in the toils,' is too much." And the wretch hid his face.—Kansas City Star.
No Cure—No Pay.
 That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.
 When you ask for De Witt's Witch Hazel Salve don't accept a counterfeit or imitation. There are more cases of Piles being cured by this, than all others combined. Howard Gardner.

The Great Manufacturer's Sale OF

CLOTHING

Continues 10 Days Longer.

Owing to the recent recovery of our goods lost on the
railroad in transportation, the late arrival of which made it
impossible for us to dispose of them in the time expected,
we are compelled to remain with you 10 days longer and
sell these goods at a great reduction.

This sale will undoubtedly result in a great loss, but the
railroad company, solely responsible for their delay, must
suffer the consequences, and you purchasers will derive the
benefit from it.

Every one, whether in need of clothing or not, should
avail himself of this most remarkable opportunity, for such
another will never be offered again.

Remember that for the excessive business we
have been doing, ten days is all sufficient to close
out the balance of our stock, while for you it is a
short time in which to purchase.
